I am **Juan Manuel Cuellar**, known among my peers as Jotis, and I am eager to contribute my expertise to your esteemed company.

Professional Experience
- **Frontend Development & UI/UX Design:** I have extensive experience in frontend development and UI/UX design, including creating comprehensive design systems with multiple components in Figma.
- **Full-Stack Development:** At TourCityGames, I led the full web design using Figma, implemented the site with Next.js, and managed deployment on a self-managed VPS hosted by Hostinger.
- **Senior Software Developer at BeCall:** In my current role, I developed the company's marketing application for iOS and Android, created multiple websites using Next.js, Angular, and Laravel, built desktop applications with Tauri, .NET, and Electron.js, and developed backend APIs with Supabase, Prisma, Nest.js, and Express.js.

Education:
- **Master's in Cybersecurity:** I am currently pursuing a Master's in Cybersecurity in Information Technology Environments at UNIVERSAE, Madrid.
- **Double Degree:** I have completed a double degree in Web Application Development and Multiplatform Application Development (2023–2024) at UNIVERSAE, Madrid.

Technical Skills:
- **Frontend:** Astro, Next.js, Angular, React, TailwindCSS, Motion (formerly Framer Motion)
- **Backend:** Node.js, Bun, Laravel, GraphQL, Express.js, Nest.js
- **Programming Languages:** TypeScript, Python (including experience with LangChain), C#, PHP
- **Tools:** Git, Docker, Bun, Figma

Languages:
- **Native Spanish**
- **Proficient in English**

I am enthusiastic about the opportunity to bring my diverse skill set and experience to your company and to continue enhancing my abilities in a dynamic environment.

Areas for Improvement:
- **Expand Knowledge in Cybersecurity:** As I am currently pursuing a Master's in Cybersecurity, I aim to deepen my understanding and practical experience in this field.
- **Advanced Cloud Technologies:** I plan to enhance my proficiency in advanced cloud platforms and services to better architect scalable and efficient solutions.
- **Leadership Skills:** I aspire to take on more leadership roles to mentor junior developers and lead larger projects effectively.

Thank you for considering my application. I look forward to the possibility of contributing to your team.
Sincerely,
Juan Manuel Cuellar
